"Ratchet Handle" Socket Sets

Nos. 17, 18 and 19

Standard Series 448 Hexagon Drive Handles

In Strong Steel Case
Size $12 \times 2\frac{1}{2} \times 1\frac{1}{4}$ in.
Weight (each) complete in Carton,
 $5\frac{1}{4}$ lb.

These Sets are the same as the "Swivel Handle" Sets, but instead of the Swivel Handle, a Ratchet Handle is supplied.

The Bi-hexagon Chrome Alloy Steel Sockets are of great advantage when nuts are situated in confined spaces, and will therefore appeal to the automobile and aeronautical engineer. The heavy gauge steel case is finished with two coats of cellulose.
